

Protest Government Whitewashing of Senate Torture Report!

Join us Wednesday, February 25 for simultaneous vigils:

- **Raleigh: 10 am**, Terry Sanford Federal Building (Person and New Bern streets)
- **Winston-Salem: 10 am**, outside Senator Burr's building, 2000 West 1st Street

If you can't be there, please call, email or tweet!

President Obama: @BarackObama, 202-456-1111, or email [here](#)

We call on you to:

- **Order Federal Agencies to Stop Ignoring the Torture Report:** The Justice and State departments received the full torture report but locked it away and haven't used it meaningfully. The State Department marked the envelope "Congressional Record – Do Not Open, Do Not Access." The FBI didn't even pick up its copy. Crimes were committed; how can they be investigated if the investigators won't read the report?
- **Direct the Attorney General to Appoint a Special Prosecutor:** Either Eric Holder or his successor should appoint a prosecutor with full authority to conduct an independent, complete examination of the torture program, as well as the cover-up and the CIA's spying on its Senate overseers. No one should be above the law.
- **Provide Apology and Compensation:** Publicly acknowledge and apologize to the victims of U.S. torture policies. To comply with international law, appoint an independent body to provide compensation and rehabilitation.

Senator Burr: @SenatorBurr, 202-224-3154 (DC), 800-685-8916 (Winston-Salem), or email [here](#):

We call on you to:

- **Release the Full Report on CIA Torture; Stop Trying to Bury It:** As Intelligence Chair, it's your duty to oversee the CIA, not protect it! The full 6,900-page report contains as-yet undisclosed and important details on the failed, brutal program. The American people have a right to see the full picture, including the private contractors and the collaborating intelligence agencies.
- **Demand a Complete CIA Accounting of all Prisoners Rendered and Tortured:** [Children](#) were rendered by the CIA and were not included in the torture report. At least 16 detainees omitted from the report summary were [secretly transported by CIA-run Aero Contractors](#) of Johnston County, NC, to torture chambers. The CIA must provide the complete list of victims and survivors of torture.
